Georgia SPCA: Update on Betsy, the Maine Coon Mama

A few weeks ago the Georgia SPCA rescued [Betsy and her two kittens, Athena and Zeus](#). Thanks to donations to the Compassionate Hearts Fund, Betsy received the medical care she needed, and will soon be available for adoption.

The following email about Betsy is from Gail, a [Georgia SPCA](#) volunteer:

"Just wanted to update you on Betsy. She had her surgery yesterday, and was spayed at the same time. She's recovering nicely in my sunroom, and will be returning to the center in about 10 days. There was no sign of earmites yesterday, but I'm giving her an oral antibiotic for 10 days. She's getting her bandage off on Monday, and her stitches out in 10 days. She's so cute with her ear bandaged! It's yet to be seen if she'll continue to look like a Scottish Fold, or if she'll end up with one ear up and one down. Either way, she's an awesome cat! Thanks for all who were able to donate to the [Compassionate Hearts Fund](#) for her."

Thank you, supporters, donors, and volunteers! More than 1000 [dogs](#) and [cats](#) were rescued and adopted in 2011 through the Georgia SPCA. We couldn't do it without you!

Spotlight on [EMERALD](#), the Cat of the Week. Spotlight on [BOGART](#), the Dog of the Week.

P.S. Betsy's kittens, Athena and Zeus were adopted during the December holidays. **WooHoo!**
